(Geelong)**

**July 18 - 21
(Fremantle)**

**November 14 - 17
(Fremantle)**

Course Fee (incl GST):

\$3,900

The **Course in Oil Spill Response Command and Control (IMO III equivalent)** provides participants with the knowledge and skills required to be appointed as an Incident Controller and to effectively lead an Incident Management Team.

Designed for **industry personnel who are appointed by their organisation to act as Incident Controller in an Incident Management Team (IMT) for a marine oil spill response.**

The course offers practical and theoretical opportunities to develop skills and knowledge in the following:

- Fundamentals of oil spill response,
- Leadership of an oil spill management team,
- Roles and responsibilities of Incident Management Team Functions - (Incident Controller, Planning, Operations, Logistics, Finance & Administration),
- Identification of response objectives, appropriate response strategies and alternative response options,
- Decision making and communication, and
- Relevant legislation, frameworks, intergovernmental agreements and Oil Pollution Emergency Plans.

This course is accredited by the Nautical Institute as an IMO Level III equivalent course.

For more information or to discuss customised training options, contact Jessica Miller, AMOSC Deputy General Manager | Preparedness – jmiller@amosc.com.au.
