Based Training
with exposure to
industry technical
specialists.**

**Balanced approach
between theory
and practical
sessions.**

2023 Course Dates:

**March 6 - 9
(Geelong)**

**June 12 - 15
(FREMANTLE)**

**October 9 - 12
(FREMANTLE)**

Course Fees:

\$4,750 (incl GST)

The **Course in Oil Spill Response Operations (IMO I equivalent)** provides training in the safe and effective operation of offshore, nearshore and shoreline oil spill response equipment for individuals and team leaders.

Designed for **industry personnel involved in the practical aspects of oil spill response**, including oil facility/marine terminal responders, aspiring AMOSC Core Group members and nominated personnel suitable for site supervisory roles.

The course offers practical and theoretical opportunities to develop skills and knowledge in the following:

- Oil spill assessment and notification procedures,
- Oil spill response techniques and strategies,
- Identification, operation, deployment and recovery of oil spill response equipment,
- Site assessment, decontamination and waste management, and
- Communications between tactical field operations and an operational Incident Management Team.

This course is accredited by the Nautical Institute as an IMO Level I equivalent course.
